

A monthly newsletter for our ambitious audience

The IMVirtual Summit

Successful would be an understatement!

The DropMock team is blown away by how successful the first ever IMVirtual Summit was. For three full days, from December 13th-15th, we had over 20 top marketers & entrepreneurs come together and deliver value like never before. Honestly, even we are blown away by what we learned over the action-packed weekend! We have loved seeing your posts and reading your reviews about your experience and how much value, lessons & advice you have walked away with. That makes all the hard work to put on this event absolutely worth it! This was such a fun, memorable event and we look forward to not only putting on another IMVirtual Summit, but a LIVE, in-person event in 2020 as well!

to take? If you want to give yourself the beautiful gift of personal growth this Christmas, I encourage you to buy yourself a spiral-bound notebook as a gift before 2020 hits. It won't cost you much at all and you'll be able to start 2020 by putting yourself ahead of the 90% of people who don't future-cast their life. Write down your goals on a fresh page every morning and watch opportunities manifest!

Give yourself this gift for Christmas before 2020 hits.

You deserve this.

Did you know that less than 10% of people have written goals? Everyone seems to like the idea of having a thriving, abundant, successful life but when it comes down to doing the daily practices that set you up for that type of consistent, sustainable success, people begin to turn away! I'm sure that you have personal and professional goals on your mind to accomplish in 2020, but I have to ask you, are you willing to do the not-to-sexy daily work that it's going

INSPIRATION FOR THE NEW YEAR...

"WHY WOULD YOU WANT TO LIVE AN ORDINARY LIFE WHEN YOU CAN THRIVE IN AN EXTRODINARY ONE?"

Manila Team Christmas Dinner

On December 20th, Team DropMock Manila went to a Spanish Restaurant and had a little gathering to celebrate the holiday season. Along side celebrating the holidays, the team also welcomed the newest member of the DropMock family - Jezza Buenaventura, who will be part of the design team. During the dinner, the team enjoyed themselves sharing drinks and stories with each other and ended the night by taking pictures to remember this little yet joyful celebration.

We hope you had a Merry Christmas with your family & friends!

JAMIE HAD THE OPPORTUNITY TO MEET OUR DROPMOCK FRIEND OLGA JENNEY WHILE ON A TRIP WITH HIS SON JESSE IN CANADA!

NEED SOME EXTRA CASH?

HERE'S HOW GARY VEE SUGGESTS WE MAKE SOME EXTRA CASH...

This is actually brilliant.

Would you spend be willing to spend \$0.05 to make \$30.00? Gosh, I sure would! If you follow Gary Vee anywhere on social media, you've probably seen recent clips & vlogs of his new series on re-selling. On the weekends he'll travel to yard & garage sales to find action figures, stuffed animals and old-fashioned toys and go online to sites like EBAY to see how much he can make profit by re-selling this cheap stuff he found at somebody's yard or garage sale! You'll be blown away by how much he's been able to make off of re-selling some of this stuff! For example, he bought an action figure for less that twenty-five cents and it's selling for close to thirty-five dollars online! Gary is doing this series and putting re-selling to show n' tell practice that way everyday people & entrepreneurs like you & I can see that if we need cash, we're able to get it! If we need to pay a bill, we want to buy a new camera or laptop - we can make some money this weekend by playing the flip game! Go on ahead and click on the video thumbnail above to see what I'm talking about! I think this is brilliant. I might have to give it a try sometime soon! What do you think?

MEET THE TEAM: JOBERT

1.) For anyone who doesn't know, what's your job at DropMock?

I'm the head of the video and design team. I handle the team that works in creating all the templates we have in DropMock.

2.) What does a typical day look like for you?

I normally wake up at 10 a.m which is a bit late but I also normally go to sleep at 2 a.m. The first thing I do in the morning is meditate for at least 5-10 mins so that I can practice mindfulness. After meditation, I'll drink my morning coffee while watching some tutorials or reading articles that would help me develop not just an artist, but as a better person as a whole.

3.) What's a fun fact that most people don't know about you?

I own a post-production training company called, Skyrocket. I don't drink and smoke. I took a short course in Culinary Arts. I can cook international cuisine but struggle with Filipino dishes. I love exercising and used to compete in local Crossfit competitions. I was also an FM Radio Host before graduating from college and I gave love advice during my shows. I experienced being a minor celebrity like getting special treatments, signing autographs and getting asked for photos. It was a lot of fun but it doesn't pay the bills.

4.) What's your favorite motivational quote or saying?

A lot of inspirational quotes come to mind. But what inspires me is not a quote but a single word. It's the word "yet" because it's the mantra of the growth mindset. Having a growth mindset allows you to tap into your potential, develop yourself into something in the future, become better than you are now. Try adding the word "Yet" to something that you're currently struggling with. For example, instead of just saying "I'm not good at math." say this "I'm not good at math, yet". It sounds more positive and encourages you to take the next step to be better.

5.) Do you have anything special on your bucket list for 2020?

At the end of the year, I'll be finishing my certification as a Life Coach so I'm very excited about that. I have big plans for DropMock. We have increased the quality of templates that we are producing and we will be continuing that for 2020 and the years to come. I know there are lots of template requests, so in 2020 we will try our best to create all of those. And for the team, I'll continue to push and motivate them so that they can produce the best templates we can offer.
